

CHIP SEALING SCHEDULE IN AUGUST

Chip Sealing: one of the most cost-effective ways to help maintain the integrity of our streets and help minimize potholes.

Wet roads and chip sealing don't mix! Please help by turning off your sprinklers the day your street is scheduled.

VEHICLES OR EQUIPMENT PARKED ON STREETS OR RIGHT-OF-WAYS ON CHIP SEALING DATES WILL BE TOWED.

Traffic delays will be kept to a minimum.

Questions or concerns? Contact Brian Christiansen, Director of Streets & Facilities, at (208) 726-7831 or bchristiansen@ketchumidaho.org.
