General Fund

General Fund revenues are down \$2.4M, or 24.4%, fiscal year to date compared to FY 2025. The primary reasons are outlined on the following page.

General Fund Revenues by Category YTD

- **Property Tax/Franchise Fees.** Reduction in property tax collections as a result of the fire district creation, \$750k less than the maximum allowed amount (\$380k).
- **County Shared.** Loss of EMS revenue as a result of the creation of the Ketchum Fire District (\$793k).
- **Charges for Services.** Charges for services are down \$249k year of year primarily due to a revenue booking in FY 2025 (\$175k) that was later reclassified to a different revenue category in May 2025.

Within the **Miscellaneous category** the following are the factors contributing to the year-over-year reduction:

- **Reduced LOT Revenue.** The FY 2026 budget includes a planned annual \$800k reduction in LOT transfer to the General Fund (\$467k reduction thus far).
- **Fire Revenue.** There are pending IDL reimbursements that have not yet been received (\$312k).

General Fund Expenditures

General Fund Expenditures are down \$4.1M, or 33.7%, fiscal year to date compared to FY 2025. See the departmental breakdown on the next page.

General Fund Expenditures by Department

The departments listed below have material year-over-year differences:

- Administration.** This department in FY 2025 included Administration, City Clerk, Community Engagement and Finance. In FY 2026 these departments are now stand-alone departments.
- Non-Departmental.** FY 2025 had a \$2.2M housing property acquisition (Hyperborean) accounting for the year-over-year difference.
- Fire & Rescue.** The City does not have the operating expenses associated with Fire service due to the creation of the Ketchum Fire District. There are a few fire payroll expenses that were booked in FY 2026 based on payroll timing and when the checks were paid to the employees (payroll is cash basis). The expenses will be reclassified by year end as a transitional expense.

Enterprise Funds

Water Fund (graphs show operational fund)

Water Fund Expenditures

Water Fund Operational revenue is trending lower than FY 2025 as there was a one-time equipment warranty reimbursement booked in FY 2025. The spike in expenditures is due to a planned increased transfer from the Water Operational Fund to the Water CIP fund.

The Water Operational Fund remains in solid financial position, with approximately \$5.3M in cash & investments, while the Water Capital Fund has approximately \$342.4k in cash & investments. Both of these amounts are needed for financial stability to account for emergency reserves and the execution of the long-term capital plan.

Wastewater Funds (graphs show operational fund)

Wastewater Fund Revenue

Wastewater Fund Expenditures

Wastewater Fund operational revenue is on target. Expenditures are up year-over-year due to an increased planned transfer from the Wastewater Operational Fund to the Wastewater Capital Fund.

The Wastewater Operational Fund remains in a solid financial position, with approximately \$3.5M in cash & investments, while the Wastewater Capital Fund has approximately \$6.4M in cash & investments. The Wastewater Funds are in a good financial position to foster long-term stability while continuing to invest heavily in infrastructure needs.
