## INDEPENDENT AUDITOR'S REPORT

November 9, 2019

To the City Council  
City of Ketchum, Idaho

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Ketchum, Idaho, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Ketchum, Idaho's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Ketchum, Idaho, as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3–11 and 35–38 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Other Information***

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The supplementary information on pages 39–46 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the supplementary information along with the schedule of expenditure of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2019, on our consideration of the City of Ketchum, Idaho's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Ketchum, Idaho's internal control over financial reporting and compliance.

### Management's Discussion and Analysis

December 16, 2019

The City of Ketchum, Idaho's general purpose external financial statements are presented in this report. The components of the general purpose external financial statements include:

- Management's Discussion and Analysis (MD&A)
- Basic Financial Statements
- Other Required Supplementary Information (RSI).

#### FINANCIAL HIGHLIGHTS

- The total of all fund assets of the City of Ketchum exceeded liabilities at the close of the most recent fiscal year by \$ 36,676,891. Of that amount, \$ 9,228,946 (unrestricted net position) may be used to meet future obligations and programs.
- The Local Option Tax (LOT) receipts increased \$ 330,090 from the previous year. This increase is due to the slightly increased economy in the Valley over the previous year. This Special Revenue Fund received an amount of, \$4,973,422 in the current year.
- Governmental Fund Revenues were \$ 16,527,422 and expenditures were \$15,856,444.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City of Ketchum's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

##### Government-wide Financial Statements

Government-wide financial statements provide both long-term and short-term information about the City's overall financial condition. Changes in the City's financial position may be measured over time by increases and decreases in the Statement of Net Position. Information on how the City's net position changed during the fiscal year is presented in the Statement of Activities.

##### Fund Financial Statements

Fund financial statements focus on individual parts of the City, reporting the City's operations in more detail than the government-wide financial statements. Fund financial statements include the statements for governmental and proprietary funds. Financial statements for the City's component unit are also presented.

**City of Ketchum, Idaho  
MANAGEMENT DISCUSSION AND ANALYSIS**

Continued...

**Table 1: Major Features of the Basic Financial Statements**

	Government-wide	Fund Financial Statements	
	Financial Statements	Governmental Funds	Proprietary Funds
Scope	Entire City government and the City's component unit.	Activities of the City that are not proprietary.	Activities of the City that are operated similar to private businesses
Required financial statements	* Statement of net position * Statement of activities	* Balance sheet * Statement of revenues, expenditures, and changes in fund balances	* Statement of net position * Statement of revenues, expenses, and changes in net position * Statement of cash flows
Accounting basis and measurement focus	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
Type of asset/liability information	All assets and liabilities, both financial and capital, and short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets	All assets and liabilities, both financial and capital, and short-term and long-term
Type of inflow/outflow information	All revenues and expenses during the year, regardless of when cash is received or paid	* Revenues for which cash is received during or soon after the end of the year * Expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during the year, regardless of when cash is received or paid

**Notes to the Financial Statements**

Notes to the financial statements provide additional information that is essential to the full understanding of the data provided in the government-wide and fund financial statements.

Refer to Note 1 of the financial statements for more detailed information on the elements of the financial statements. Table 1 above summarizes the major features of the basic financial statements.

**CONDENSED FINANCIAL INFORMATION**

**Condensed Statement of Net Position**

The largest component (\$ 26,945,439) of the City's net position (73.4%) reflects its investment in capital assets (e.g. land, infrastructure, buildings, equipment, and others), less any related debt outstanding that was needed to acquire or construct the assets. The City uses these capital assets to provide services to the citizens and businesses in the City; consequently, this net position amount is not eligible for future spending. Restricted net position totals \$502,506. Restricted net position represents resources that are subject to external restrictions, constitutional provisions, debt service requirements, or enabling

**City of Ketchum, Idaho  
MANAGEMENT DISCUSSION AND ANALYSIS**

Condensed Statement of Activities

Table 3 below presents the City's condensed statement of activities for the fiscal year ended September 30, 2019 as derived from the government-wide Statement of Activities. Over time, increases and decreases in net position measure whether the City's financial position is improving or deteriorating. During the fiscal year, the net position of the governmental activities decreased by \$ 416,382 or -1.5% percent, the net position of the business-type activities increased by \$ 1,115,139 or 12.3%, and the net position of the City's Component Unit (Urban Renewal Agency) increased \$ 698,726 or 161%.

Program Expenses and Revenues for Governmental Activities

Table 4 below presents program expenses and revenues for governmental activities. Overall, program revenues were not sufficient to cover program expenses for governmental activities. The net program expenses of these governmental activities were therefore supported by general revenues, mainly taxes.

**Table 4: Program Expenses and Revenues  
for Government Activities  
For the Fiscal Year Ended September 30, 2019**

	<u>Program Expenses</u>	<u>Program Revenues</u>	<u>Net Expense (Revenues) (a)</u>

**City of Ketchum, Idaho**  
**MANAGEMENT DISCUSSION AND ANALYSIS**

Continued...

The City of Ketchum, Idaho adopts an annual budget. A budgetary comparison statement of Governmental Funds is provided below. In total, any negative variances are insignificant.

**BUDGET VARIANCES IN THE GENERAL FUND**

The changes made to the budget format have moved the City into compliance with the budget standards developed by the Government Finance Officers of America (GFOA). An analysis of budget variances this year shows that more assets were budgeted for expenditure than were expended during the current operating cycle.

**Table 6: Analysis of Significant Budget Variances  
for Major Governmental Funds

**CAPITAL ASSET AND LONG-TERM, ACTIVITY**

Capital Asset Activity

At September 30, 2019, the City reported \$19,947,048 in capital assets for governmental activities and \$13,053,168 in capital assets for business-type activities.

Long-term Debt Activity

See Note 4 of the financial statements for information on the City's long-term debt.

**FUNDS ANALYSIS**

Funds that experienced significant changes during the year are as follows:

Governmental funds

As of the close of the fiscal year, the City's governmental funds reported a combined ending fund balance of \$8,838,133. The fund balance increased \$ 670,978 during the fiscal year. The increase is the result of \$16,527,422 of revenues reduced by \$ 15,856,444 of expenditures. The increase in fund balance follows a fund balance decrease of \$541,529 in FY2018, and results in large part from budgeted expenditures for capital improvements in the City's funds. The City's management and Council continue to expend resources under approved budgets and strive to strengthen the City's financial position during uncertain economic times. This ongoing accomplishment is due to the commitment and determination of the City Council and staff to make prudent financial decisions while also seeking to preserve levels of service to the community by continually pursuing and implementing cost savings and efficiencies in operations.

Table 9 below presents an analysis of the fund balances in the Governmental Funds and Enterprise Funds.

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Ketchum, Idaho became an incorporated city under the laws of the State of Idaho on October 16, 1961. The accounting policies of the City of Ketchum, Idaho conform to generally accepted accounting principles as applicable to governmental units. The financial statements of the City of Ketchum, Idaho have been prepared in conformity with the generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or before November 30, 1989, to its governmental and business-type activities (enterprise funds) provided they do not conflict with or contradict GASB pronouncements. The following is a summary of the more significant policies:

**(A) Basis of Presentation – Basis of Accounting**

**Basis of Presentation:**

For this reporting period, the City has conformed its financial statement model to *Governmental Auditing Standards Board (GASB) Statement No. 34*. This model presents the financial statements as follows:

*Government-wide Statements:* The statement of net assets and the statement of activities display information about the primary government (the City). These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

*Fund Financial Statements:* The fund financial statements provide information about the City's funds. Separate statements for each fund category—*governmental* and *proprietary*—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

-Continued

The City reports the following governmental funds:

*General Fund.* This is the City's operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The City reports the following enterprise funds:

*Water and Wastewater Fund.* This fund accounts for the operation, maintenance, and development of the City's water and waste-water facilities.

#### **Discretely Presented Component Unit**

The Component unit column in the financial statements includes the financial data of the City's only discretely presented component unit, the Ketchum Urban Renewal Agency. It is reported in a separate column to emphasize that it is separate from the City's operations. Complete financial statements of the Ketchum Urban Renewal Agency can be requested.

#### **Measurement Focus, Basis of Accounting**

*Government-wide and Proprietary Fund Financial Statements.* The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

*Governmental Fund Financial Statements.* Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, licenses, and interest are considered to be susceptible to accrual. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

*Budgets and Budgetary Accounting.* The City adheres to City budget requirements in Title 50, Chapter 10 of the Idaho Code. The provisions of this chapter include the following procedures to establish budgetary data which is reflected in these financial statements:

- A. Prior to certifying the tax levy to the County Commissioners, and prior to passing the annual appropriation ordinance, a public meeting shall be held to adopt a budget by a favorable vote of a majority of the members of the council.
- B. Budgets for all funds are adopted on a basis consistent with generally accepted accounting principles. Uncommitted appropriations lapse at year end.
- C. There are no provisions in Title 50, Chapter 10 for budget augmentations.

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

-continued

*Entity Classifications.*

- A. City-Wide Financial Statements – The City reports net position in three categories – invested in capital assets, restricted and unrestricted.
- B. Fund Financial Statements – The City has adopted GASB Statement No. 54 “Fund Balance Reporting and Governmental Fund Type Definitions” (GASB 54) which defines how fund balances of the governmental funds are presented in the financial statements. There are five classifications of fund balances as presented below:

Non-spendable – These funds are not available for expenditures based on legal or contractual requirements. In this category, one would see inventory, long-term receivables, unless proceeds are restricted, committed, or assigned and legally or contractually required to be maintained intact (corpus or a permanent fund).

Restricted – These funds are governed by externally enforceable restrictions. In this category, one would see restricted purpose grant funds, debt service or capital projects.

Committed – Fund balances in this category are limited by the governments’ highest level of decision making. Any changes of designation must be done in the same manner that it was implemented and should occur prior to end of the fiscal year, though the exact amount may be determined subsequently.

Assigned – These funds are intended to be used for specific purposes, intent is expressed by governing body or an official delegated by the governing body.

Unassigned – This classification is the default for all funds that do not fit into the other categories. This, however, should not be a negative number for the general fund. If it is, the assigned fund balance must be adjusted.

Order of Use of Fund Balance – The City’s policy is to apply expenditures against non-spendable fund balance, restricted fund balance, committed fund balance, assigned fund balance and unassigned fund balance at the end of the fiscal year. For all funds, non-spendable fund balances are determined first and then restricted fund balances for specific purposes are determined.

*Allocation of Indirect Expenses.* The City allocates indirect expense, primarily comprised of central governmental services, to operating functions and programs benefiting from those services. Central services include overall City management, centralized budgetary formulation and oversight, accounting, financial reporting, payroll, procurement contracting and oversight, investing and cash management, personnel services, and other central administrative services. Allocations are charged to programs based on use of central services determined by various allocation methodologies. As a matter of policy, certain functions that use significant central services are not charged for the use of these services. These functions or programs include police, fire, and certain divisions with public services and parks.

CITY OF KETCHUM, IDAHO  
Notes to the Financial Statements  
September 30, 2019

-Continued

**(B) Assets, Liabilities, and Equity**

**Deposits and Investments**

The cash balances of substantially all funds are pooled and invested by the State of Idaho Treasurer's Office for the purpose of increasing earnings through investment activities. The pool's investments are reported at fair value at September 30 of each year based on market prices. The individual funds' portions of the pool's fair value are presented as "Cash and Deposits". Earnings on the pooled funds are apportioned and paid or credited to the funds monthly based on the average daily balance of each participating fund.

**Cash and Deposits**

The City considers cash and deposits in proprietary funds to be cash on hand. In addition, because the State Treasury Pool is sufficiently liquid to permit withdrawal of cash at any time without prior notice or penalty, equity in the pool is also deemed to be a deposit.

**Receivables and Payable**

All trade and property tax receivables are shown net of an allowance for uncollectibles.

**Property Tax Calendar**

Property taxes are levied each November based on the assessed value of property as listed on the previous September tax rolls. Assessed values are an approximation of market value. The Blaine County Assessor establishes assessed values. Property tax payments are due in one-half installments in December and June. Property taxes become a lien on the property when it is levied.

**Deferred Outflows/Inflows of Resources**

In 2007, the Governmental Accounting Standards Board (GASB) released Concepts Statement No. 4 *Elements of Financial Statements* which provides a framework for determining the nature of financial accounting or reporting issues. Since the release of the framework, GASB has been looking at the assets and liabilities on the balance sheet to determine if they should continue to be reflected as such. GASB has concluded that, in order to improve financial reporting, there are assets and liabilities that no longer should be reflected as assets and liabilities. These changes are included in the recently issued GASB Statement No. 65, *Items Previously Reported as Asset and Liabilities*.

These changes include two new items that are reflected on the Statement of Net Position.

- Deferred outflow of resources – the current *consumption* of net assets that is applicable to a *future* reporting period.
- Deferred inflows of resources – the current *acquisition* of net assets that is applicable to a *future* reporting period.

The City's financial statements may report a separate section for deferred inflows of resources which reflects an increase in resources that applies to a future period.

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

-Continued

**Capital Assets**

Purchased or constructed capital assets used in operations with an initial useful life that extends beyond one year are capitalized. Infrastructure assets such as roads and bridges are also capitalized. They are reported net of accumulated depreciation on the Statement of Net Assets. The City capitalizes assets in excess of \$5,000.

Under the requirements of *GASB Statement No. 34*, the City is considered a Phase 3 government, as its total annual revenues are less than \$10 million. Such governments are not required to report major general infrastructure assets retroactively. Accordingly, the City has determined not to retroactively report this type of capital asset.

Capital assets are recorded at their historical cost and are depreciated using the straight-line method of depreciation over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	30
Buildings	50
Building Improvements	20
Vehicles	5-15
Office and Other Equipment	3-15
Computer Equipment	3-15

**Compensated Absences**

The liability for compensated absences reported in the government-wide and proprietary fund statements consists of unpaid, accumulated annual vacation and sick leave balances. The liability has been calculated using the vesting method, in which leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

**Pensions**

For purposes of measuring the net pension liability and pension expense, information about the fiduciary net position of the Public Employee Retirement System of Idaho Base Plan (Base Plan) and additions to/deductions from Base Plan's fiduciary net position have been determined on the same basis as they are reported by the Base Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**NOTE 2 – CASH AND DEPOSITS**

*Deposits:* Custodial credit risk, in the case of deposits, is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City has no deposit policy for custodial credit risk. At year end, \$ 339,035 of the City's bank balances were exposed to custodial credit risk because of the \$ 250,000 limit insured by the FDIC.

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

-Continued

*Investments:* Custodial credit risk, in the case of investments, is the risk that in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At year end, the City held the following investments:

Investment Type

Idaho State Local Government Investment Pool \$ 9,970,079. (Combined with cash deposits)

These investments are unrated external investment pools sponsored by the Idaho State Treasurer's Office. They are classified as "Investments in an External Investment Pool" and are exempt from custodial credit risk and concentration of credit risk reporting. Interest rate risk is summarized as follows: Asset-backed securities are reported using weighted average life to more accurately reflect the projected term of the security, considering interest rates and repayment factors.

The elected Idaho State Treasurer, following Idaho Code, Section 67-2328, is authorized to sponsor an investment pool in which the City voluntarily participates. The Pool is not registered with the Securities and Exchange Commission or any other regulatory body - oversight is with the State Treasurer, and Idaho Code defines allowable investments. All investments are entirely insured or collateralized with securities held by the Pool or by its agent in the Pool's name. And the fair value of the City's position in the external investment pool is the same as the value of the pool shares.

*Credit Risk:* The City's policy is to comply with Idaho State statutes which authorize the City to invest in obligations of the United States, obligations of the State or any taxing district in the State, obligations issued by the Farm Credit System, obligations of public corporations of the State of Idaho, repurchase agreements, tax anticipation notes of the State or taxing district in the State, time deposits, savings deposits, revenue bonds of institutions of higher education, and the State Treasurer's Pool.

*Interest rate risk and concentration of credit risk:* The City has no policy regarding these two investment risk categories.

The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is presented on the combined balance sheet as "Cash and Deposits".

Cash and Deposits are comprised of the following at the financial statement date:

Cash on Hand	\$	320
Deposits with financial institutions:		
Demand deposits		779,429
State of Idaho Investment Pool		<u>9,970,079</u>
Total		<u>\$ 10,749,828</u>

**NOTE 4 - BONDS PAYABLE**

In December of 2004, the City sold \$ 1,990,000 of Sewer Revenue Bonds, Series 2004. The proceeds of this issue were used to make improvements to the City's wastewater system. The bonds were retired with funds from the 2014 Wastewater Refunding Bonds 2014.

In May of 2006, the City sold \$ 1,730,000 of Sewer Revenue Bonds, Series 2006A. The proceeds of this issue were used to make improvements to the City's wastewater system. The bonds were retired by the 2014 bond issue.

In November of 2014 the City sold \$ 1,950,000 of Sewer Revenue Refunding Bonds, Series 2014. The proceeds from this bond issue retired the City's 2004 and 2006 bond series. This bond issue is to be retired by user fees generated by the City's enterprise fund.

In 2006 outstanding bonds from the City's series 1998 issue were defeased by placing proceeds of a new bond issue, Water Revenue Refunding Bonds Series 2006B for \$ 3,030,000, in an irrevocable trust to provide for all future debt payments on the old bonds. These bonds were retired by the City's Water Revenue Refunding Bonds Series 2016.

In September of 2016 the City sold \$ 1,697,000 of Water Revenue Refunding Bonds, Series 2016. The proceeds from this bond issue retired the City's 2006B bond series. This bond issue is to be retired by user fees generated by the City's enterprise fund.

In May of 2006, the City sold \$ 2,780,000 of Water Revenue Bonds, Series 2006A. The proceeds of this issue were used to make improvements to the City's water system. These bonds were retired by the City's Water Revenue Refunding Bonds Series 2015.

In September of 2015 the City sold \$ 2,310,000 of Water Revenue Refunding Bonds, Series 2015. The proceeds from this bond issue retired the City's 2006A bond series. This bond issue is to be retired by user fees generated by the City's enterprise fund.

In June of 2007, the City sold \$1,550,000 of General Obligation Bonds, Series June 5, 2007. The proceeds of this issue were used for capital equipment acquisitions.

The following is a list of the interest and principal payments through the end of the bond issues:

<u>Wastewater Refunding Bond Series 2014</u>		
<u>FY</u>	<u>Interest</u>	<u>Principal</u>
2020	\$ 65,750	\$ 195,000
2021	56,000	205,000
2022	45,750	215,000
2023	35,000	220,000
2024	24,000	230,000
2025	12,500	250,000
Totals	\$ <u>239,000</u>	\$ <u>1,315,000</u>

**NOTE 5 – CAPITAL LEASES**

The City has entered into a municipal lease agreement for the purchase of a 2019 Hughes Aerial Fire Ladder Truck to be used by the General Fund of the City. The obligation is recorded in the respective fund. Annual lease payments are paid on July 1 of each year. Unless sooner terminated as set forth in the lease, ownership will transfer to the City upon expiration of the lease. Depreciation expense has been computed on assets acquired under municipal lease agreements.

Detail of the Capital Leases follows:

	<u>Financed</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023-34</u>	<u>Total</u>
<b>Governmental Activities</b>						
2019 Hughes Aerial Fire Ladder Truck

	<u>709,069</u>	<u>58,430</u>	<u>58,430</u>	<u>58,430</u>	<u>701,155</u>	<u>876,445</u>
Total Capital Leases	\$ <u>709,069</u>	\$ <u>58,430</u>	\$ <u>58,430</u>	\$ <u>58,430</u>	<u>701,155</u>	\$ <u>876,445</u>

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

– Continued

**NOTE 6 – OPERATING LEASES**

The City is obligated under several operating leases for vehicles and equipment. Operating leases do not give rise to property rights or purchase obligations, and therefore the results of the lease agreements are not reflected in the City's capital assets.

**NOTE 7 – MISCELLANEOUS REVENUES, GOVERNMENTAL FUND TYPES**

The miscellaneous revenues section of the combined statement of revenues and expenditures includes the following amounts:

	<u>Total</u>	<u>Governmental</u>
Rents	\$ 80,418	
Miscellaneous		<u>978</u>
Total		<u>\$ 81,396</u>

**NOTE 8 – LITIGATION**

The City, at the financial statement date, is involved in a few matters of litigation. Legal representation has not determined the resolution of these matters. The City contends that any liability in any of these issues would be immaterial to the financial statements.

**NOTE 9 – RESTRICTED NET ASSETS**

The ordinance authorizing the Enterprise Fund revenue bonds requires that the City establish certain restricted cash accounts to be used in the retirement of the bonds and improvements to the waste-water systems. In addition, certain cash amounts are restricted for use in law enforcement, zoning ordinance enforcement, and for other restrictions imposed by the City Council in the general fund; and for debt retirement in the long-term debt group of accounts. The City's policy is to first apply unrestricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. These restricted amounts are as follows:

	<u>General</u>	<u>Enterprise</u>
	<u>Fund</u>	<u>Funds</u>
Various Trust Cash	\$ 290,506	
Wastewater Bonds Debt Service	<u>          </u>	\$ <u>212,000</u>
Totals	<u>\$ 290,506</u>	\$ <u>212,000</u>

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

**NOTE 10 – RISK MANAGEMENT**

A City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the fiscal year, the City is contracted with Idaho County Risk Management Program (ICRMP) for property, crime and fleet insurance and the State Insurance Fund for workman's compensation. Under the terms of the ICRMP policy, the City of Ketchum's liability is limited to the amount of annual financial membership contributions, including a per occurrence deductible. There has been no significant reduction in insurance coverage in the current year. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

**NOTE 11 – KETCHUM URBAN RENEWAL AGENCY**

The component unit column in the combined financial statements includes the financial data of the Ketchum Urban Renewal Agency, the City's only discretely presented component unit. It is reported in a separate column to emphasize that it is legally separate from the City in accordance with State Urban Renewal law. The Agency has authority to construct public improvements including the acquisition of public right-of-way within the blighted area legally designated as the redevelopment district. The City appoints the governing board of the Agency. The Agency derives its funding from tax increment financing. Complete financial statements for the current year are available from the Agency.

The City advanced \$1,495,830 of cash held for affordable housing construction to the Agency to begin their operations. The Agency has determined to pay this amount back to the City over the next several years as funds become available. These amounts are not accrued in the City's records but will be recognized as revenue when received in the "In-Lieu Housing Fund". The balance remaining unpaid at the date of these financial statements is \$ 1,261,687.

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

-Continued

**NOTE 12 – EMPLOYEE RETIREMENT PLAN**

*Plan Description*

The City of Ketchum contributes to the Base Plan which is a cost-sharing multiple-employer defined benefit pension plan administered by Public Employee Retirement System of Idaho (PERSI or System) that covers substantially all employees of the State of Idaho, its agencies and various participating political subdivisions. The cost to administer the plan is financed through the contributions and investment earnings of the plan. PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at [www.persi.idaho.gov](http://www.persi.idaho.gov).

Responsibility for administration of the Base Plan is assigned to the Board comprised of five members appointed by the Governor and confirmed by the Idaho Senate. State law requires that two members of the Board be active Base Plan members with at least ten years of service and three members who are Idaho citizens not members of the Base Plan except by reason of having served on the Board.

*Pension Benefits*

The Base Plan provides retirement, disability, death and survivor benefits of eligible members or beneficiaries. Benefits are based on members' years of service, age and highest average salary. Members become fully vested in their retirement benefits with five years of credited services (5 months for elected or appointed officials). Members are eligible for retirement benefits upon attainment of the ages specified for their employment classification. The annual service retirement allowance for each month of credited service is 2.0% (2.3% for police/firefighters) of the average monthly salary for the highest consecutive 42 months.

The benefit payments for the Base Plan are calculated using a benefit formula adopted by the Idaho Legislature. The Base Plan is required to provide a 1% minimum cost of living increase per year provided the Consumer Price Index increases 1% or more. The PERSI Board has the authority to provide higher cost of living increases to a maximum of the Consumer Price Index movement or 6%, whichever is less; however, any amount above the 1% minimum is subject to review by the Idaho Legislature.

*Member and Employer Contributions*

Member and employer contributions paid to the Base Plan are set by statute and are established as a percent of covered compensation. Contribution rates are determined by the PERSI Board within limitations, as defined by state law. The Board may make periodic changes to employer and employee contribution rates (expressed as percentages of annual covered payroll) that are adequate to accumulate sufficient assets to pay benefits when due.

The contribution rates for employees are set by statute at 60% of employer rate for general employees and 72% for police and firefighters. As of June 30, 2019, it was 6.79% for general employees and 8.36% for police and firefighters. The employer contribution rate, as a percent of covered payroll, is set by the Retirement Board and was 11.32% for general employees and 11.66% for police and firefighters. The City's contributions were \$441,262 for the year ended September 30, 2019.

*Pension Liabilities, Pension Expense (Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions.*

At September 30, 2019, the City reported a liability for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's share of contributions in the Base Plan pension plan relative to the total contributions of all participating PERSI Base Plan employers. At June 30, 2019, the City's proportion was 0.0865200 percent.

For the year ended September 30, 2019, the City recognized pension expense (revenue) of \$135,046. At September 30, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 91,782	\$ 116,394
Changes in assumptions or other inputs	\$ 54,936	
Net difference between projected and actual earnings on pension plan investments	\$ (85,317)	\$ 336,447
Changes in the employer's proportion and differences between the employer's contributions and the employer's proportionate contributions		
City's contributions subsequent to the measurement date	\$ 85,316	
Total	\$ 146,717	\$ 452,841

\$ 85,316 reported as deferred outflows of resources related to pensions resulting from Employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending September 30, 2020.

The average of the expected remaining service lives of all employees that are provided with pensions through the System (active and inactive employees) determined at July 1, 2017 the beginning of the measurement period ended June 30, 2018 is 4.8 and 4.8 for the measurement period June 30, 2019.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense (revenue) as follows:

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

-Continued

**Year ended September 30, 2019:**

2020	(\$ 35,562)
2021	(\$ 152,360)
2022	(\$ 74,217)
2023	(\$ 43,983)
Thereafter	(\$ 306,123)

*Actuarial Assumptions*

Valuations are based on actuarial assumptions, the benefit formulas, and employee groups. Level percentages of payroll normal costs are determined using the Entry Age Normal Cost Method. Under the Entry Age Normal Cost Method, the actuarial present value of the projected benefits of each individual included in the actuarial valuation is allocated as a level percentage of each year's earnings of the individual between entry age and assumed exit age. The Base Plan amortizes any unfunded actuarial accrued liability based on a level percentage of payroll. The maximum amortization period for the Base Plan permitted under Section 59-1322, Idaho Code, is 25 years.

The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.00%
Salary increases	3.75 – 10.00%
Salary inflation	3.75%
Investment rate of return	7.05%, net of investment expenses
Cost-of-living adjustments	1%

Mortality rates were based on the RP – 2000 combined table for healthy males or females as appropriate with the following offsets:

- Set back 3 years for teachers
- No offset for male fire and police
- Forward one year for female fire and police
- Set back one year for all general employees and all beneficiaries

An experience study was performed for the period July 1, 2013 through June 30, 2017 which reviewed all economic and demographic assumptions including mortality. The Total Pension Liability as of June 30, 2019 is based on the results of an actuarial valuation date of July 1, 2019.

The long-term expected rate of return on pension plan investments was determined using the building block approach and a forward-looking model in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

-Continued

Even though history provides a valuable perspective for setting the investment return assumption, the System relies primarily on an approach which builds upon the latest capital market assumptions. Specifically, the System uses consultants, investment managers and trustees to develop capital market assumptions in analyzing the System's asset allocation. The assumptions and the System's formal policy for asset allocation are shown below. The formal asset allocation policy is somewhat more conservative than the current allocation of System's assets. The best-estimate range for the long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions are as of January 1, 2017.

**Capital Market Assumptions**

	<u>Expected Return</u>	<u>Expected Risk</u>	<u>Strategic Normal</u>	<u>Strategic Ranges</u>
Equities:			70%	66%-77%
Broad Domestic Equity	9.15%	19.00%	55%	50%-65%

**Actuarial Assumptions:**

Assumed Inflation - Standard Deviation	3.25%
Portfolio Arithmetic Mean Return	2.00%
	8.42%
Portfolio Long-Term Expected Geometric Rate of Return	
Assumed Investment Expenses	7.50%
<b>Long-Term Expected Geometric Rate of Return Net of Investment Expenses</b>	<u>0.45%</u>
	7.05%

**CITY OF KETCHUM, IDAHO**  
**Notes to the Financial Statements**  
**September 30, 2019**

-Continued

*Discount Rate*

The discount rate used to measure the total pension liability was 7.05%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate. Based on these assumptions, the pension plans' net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The long-term expected rate of return was determined net of pension plan investment expense but without reduction for pension plan administrative expense.

*Sensitivity of the Employer's proportionate share of the net pension liability to changes in the discount rate.*

The following presents the Employer's proportionate share of the net pension liability calculated using the discount rate of 7.05%, as well as what the Employer's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.05%) or 1-percentage-point higher (8.05%) than the current rate:

	1% Decrease (6.05%)	Current Discount Rate (7.05%)	1% Increase (8.05%)
Employer's proportionate share of the net pension liability (asset)	\$ 997,478	\$ 987,602	\$ 977,726

*Pension plan fiduciary net position*

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERSI financial report.

PERSI issues a publicly available financial report that includes financial statements and the required supplementary information for PERSI. That report may be obtained on the PERSI website at [www.persi.idaho.gov](http://www.persi.idaho.gov)

*Payables to the pension plan*

At September 30, 2019, the City reported payables to the defined benefit pension plan of \$ 0 for legally required employer contributions and \$ 0 for legally required employee contributions which had been withheld from employee wages but not yet remitted to PERSI.

**NOTE 13 – SUBSEQUENT EVENTS**

Subsequent events were evaluated through the date of the auditor's report, which is the date the financial statements were available to be issued.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

November 9, 2019

To the City Council  
City of Ketchum, Idaho

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Ketchum, Idaho, as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the City of Ketchum, Idaho's basic financial statements, and have issued our report thereon dated November 9, 2019.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Ketchum, Idaho's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Ketchum, Idaho's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Ketchum, Idaho's internal control.

*A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.*

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Ketchum, Idaho's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Report Continued—

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
