Mayor Hall and City Councilors:

FY2012-2013 Budget Message

The Fiscal Year 2012-2013 City of Ketchum Budget provides budget authority for the services and projects the City anticipates to provide during the fiscal year, which runs from October 1, 2012 to September 30, 2013. The City budget contains a total of twenty-two (22) active, self-balancing funds. "Self-balancing" means beginning fund balance plus revenue equals requirements plus ending fund balance. Each fund has been established to provide segregated accounting for specific activities. This message provides a general description of the budget document and the financial plans for the City for the fiscal year.

The budget document has been designed to promote transparency and public understanding. Budget data is shown on spreadsheets that provide budget history for two prior years, the current year's adopted budget, the current estimate of revenues and expenditures for the current year's adopted budget, the proposed budget for the coming year, and the percentage change from this year's adopted budget as represented in the proposed budget.

To assist in understanding the budget, pie charts illustrating the relative allocations of resources and appropriations have been provided for each fund. Bar charts have also been provided to illustrate fund resources and requirements and fund balances or reserves.

Finally, narratives have been provided for each fund that describes the purpose of the fund, specific objectives for the fund in FY2012-2013, and the staffing levels represented in the fund. The narratives provide information related to operations, capital outlay needs, and other general descriptions. The intent of the narratives are to facilitate understanding of how budget proposals relate to policy and management decisions by comparing budget numbers with proposed objectives.

The Fiscal Year 2012-2013 Proposed Budget totals \$17,251,578 in appropriations. This total reflects a 3.7 percent decrease, or a reduction of \$666,791 in budget authority, as compared to the adopted Fiscal Year 2011-2012 Budget.

It should be noted that while budget appropriations total \$17,251,578, this total includes inter-fund transfers which represent monies that are essentially counted twice – once when initially receipted and again when received by the fund benefitting from the transfer. Subtracting total inter-fund transfers of \$3,698,938 from total appropriations results in a total *effective* budget of \$13,552,640. This amount is \$424,017 less than the *effective* budget for FY2011-2012, and represents a 3.0 percent decrease.

The City's proposed operating budget, which consists of personal services, materials and services, debt service, and contingencies, totals \$12,512,034, which represents an increase of 1.0 percent, or \$131,704 more, as compared to the adopted FY2011-2012 operating budget.

The City's proposed budget for capital outlay for FY2012-2013 totals \$1,005,606, representing a decrease of 35.6 percent, or \$555,721, as compared to the FY2011-2012 capital budget.

Unappropriated financial reserves for all budget funds total \$3,518,837, representing a 29.1 percent increase, or \$793,095 more than FY2011-2012 levels. Unappropriated reserves include funds set aside for cash flow management in the General Fund, Wagon Days Fund, G.O. Debt Fund, and Community Housing In-Lieu Fund; long-term project and equipment reserves for the Undergrounding Improvement Fund, Police Trust Fund and the water and wastewater utilities; and an accrual of development security deposits held in the Development Trust Fund.

It should be noted that the estimated uncommitted beginning fund balance in the General Fund is up \$1,031,500, or 385 percent, from \$360,923 in FY2008-2009 to \$1,392,423 in FY2012-2013.

Local Option Tax (LOT) receipts for FY2011-2012 were budgeted at \$1,623,023, with an additional growth reserve of \$405,756. Actual collections are estimated to finish the fiscal year at \$1,738,199, representing an increase

of \$115,176, or 7.0 percent, as compared to budgeted collections. FY2012-2013 Local Option Tax receipts are budgeted at \$1,738,199 in expected revenues. An additional 20 percent increment, or \$347,640, has been added to expected revenues to provide for a scenario where economic growth brings significant revenue gains. The total amount reflected in the Local Option Sales Tax revenue line is \$2,085,838.

A two (2) percent cost of living increase has been included in the budget for all full-time employees to become effective on October 1, 2012.

A staffing level of 5 elected officials equivalent (EOE) and 48.55 Full Time Employee equivalents (FTE) is supported by the proposed FY2012-2013 budget. It should be noted that three (3) new firefighter/paramedic positions have been included in the total employee count due to the recent award of a \$509,000 SAFER Grant from the Federal Emergency Management Agency (FEMA) to the City for the purpose of bolstering Fire Department staffing. The grant covers a two-year period and provides funding for salaries, benefits and payroll expenses.

At the June 4, 2012 City Council meeting, the Council reviewed a list of budget objectives for the FY2012-2013 budget. The following is a recitation of each of these objectives with a corresponding response demonstrating how each objective was achieved.

FY2012-2013 Budget Objectives

- Maintain overall spending levels at or near FY2011-2012 levels.

Response: After discounting double counted inter-fund transfer activities, the effective FY2012-2013 budget is down 3.0 percent, or \$424,017, compared to the prior year budget.

- Maintain the General Fund balance at or above 17 percent of operating revenues.

Response: The General Fund balance is estimated to finish FY2012-2013 at 21.5 percent of operating revenues, or \$1,085,653.

- Develop a plan relative to Steve Hansen's retirement and the transition to a Public Works Director position.

Response: The plan proposed in the budget envisions the recruitment of an experienced, professional Public Works Director/City Engineer who would provide overall public works management and engineering services throughout the City organization. This position would replace the Utilities Superintendent position held by Steve Hansen, who will retire soon. Primary duties for the new position would include oversight and management of the water and wastewater systems and the provision of engineering services for the City organization. Over the past three years the City has paid an annual average of \$42,507 in small engineering projects and tasks covering planning, streets, water and wastewater. It is anticipated that approximately 80 percent of these projects would be accomplished by a City Engineer, reducing average annual costs by approximately \$34,000. As an offset to the new position's engineering responsibilities, the duties of the water and wastewater supervisors would be increased to include managerial responsibilities previously provided by the Utilities Superintendent. Compensation, inclusive of salaries and payroll expenses, for the two supervisor positions would be

increased a total of approximately \$30,600 annually. On net, the overall transition from the current Utilities Superintendent position to a Public Works Director/City Engineer position would result in a small average annual savings of approximately \$3,400 (i.e. \$34,000 savings in engineering services less \$30,600 in increased compensation expense for the water and wastewater utility supervisors).

- Appropriate \$100K from the General Fund balance to be utilized for the Community Development Corporation's (KCDC) Walkability Project.

Response: \$100K was included in the Non-Departmental Division of the General Fund for the KCDC project.

- Develop a cost of living adjustment for full-time staff.

Response: A two (2) percent cost of living increase has been included in the budget for all full-time employees.

I want to express my thanks and appreciation to Sandy Cady for her assistance in the preparation of this budget. I rely on Sandy's support for a

broad assortment of information needs related to budget development.

Likewise, special thanks are extended to my assistant, Lisa Enourato, and the City's department directors and their supporting staffs for their work developing budget proposals. Without their input I would have been poorly positioned to develop this budget.

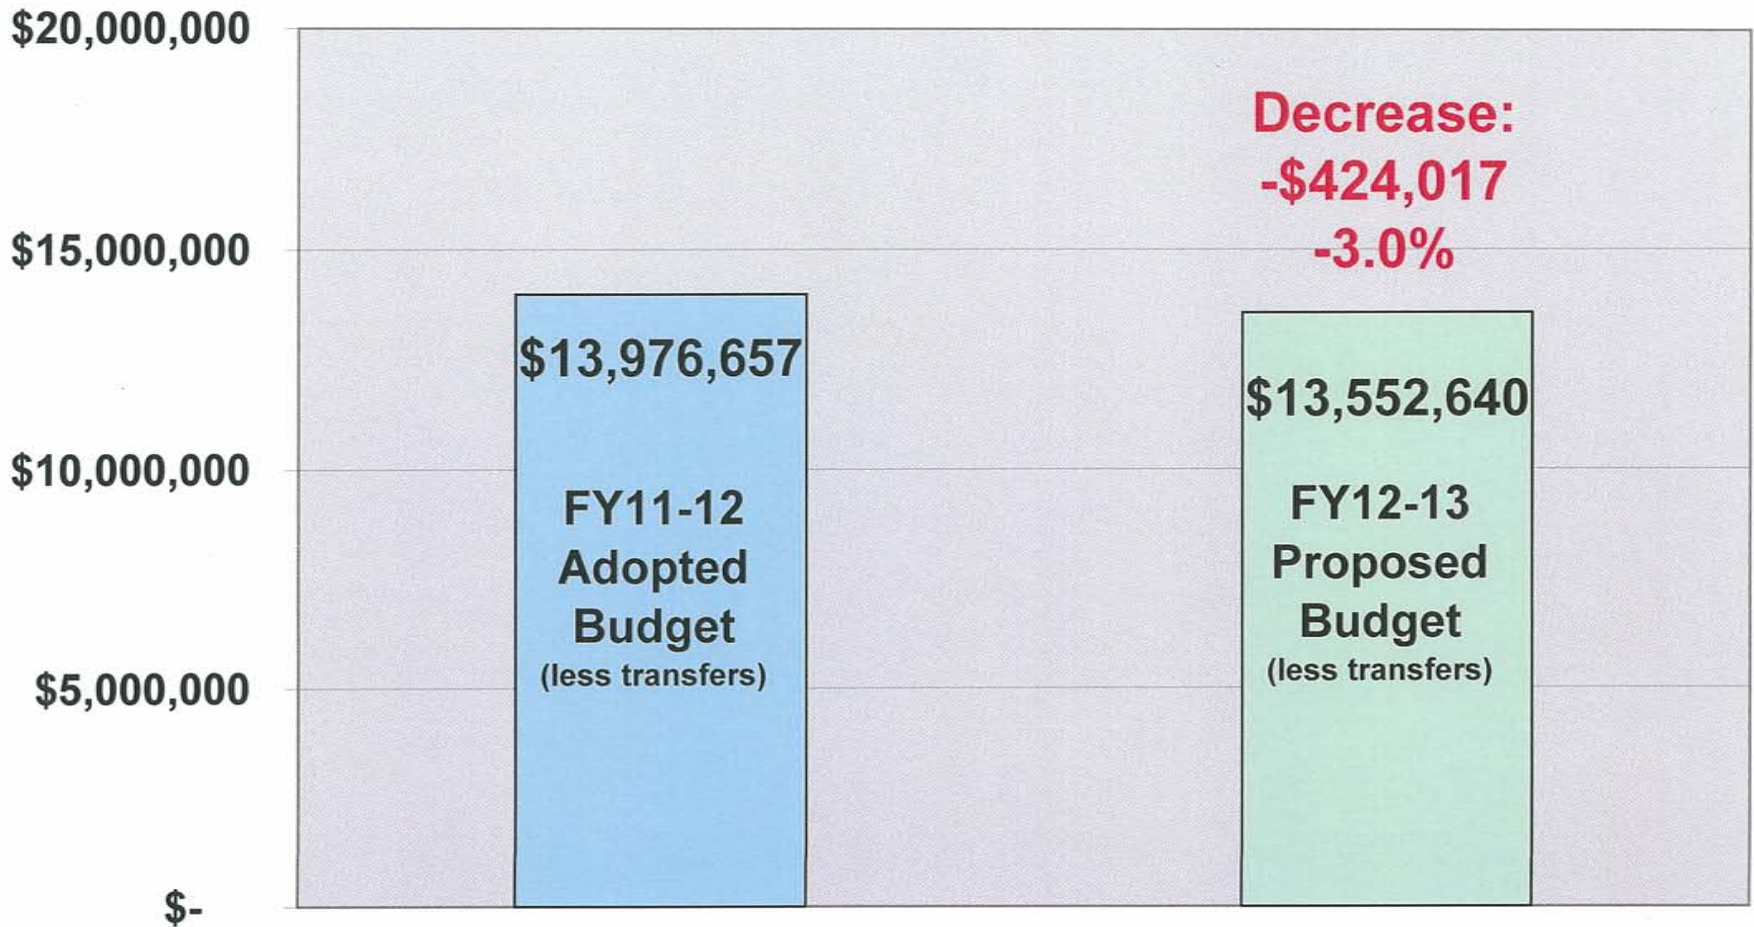

This proposed budget is presented to the City Council and the community for their review and consideration for the City's operations, services, projects and programs in Fiscal Year 2012-2013. I strongly recommend that the Council adopt this budget as presented.

Sincerely,

Fiscal Year Budget Comparison (All Funds) Adopted FY11-12 vs. Proposed FY12-13 "Apples to Apples" Comparison

Fiscal Year 2012-2013 Budget

Purpose

The Fiscal Year 2012-2013 Budget provides the legal authority to administer the services and projects provided by the City. The budget is a financial plan containing projections of resources (income) and requirements (expenses) for the fiscal year which begins October 1, 2012 and ends September 30, 2013. The City Budget contains a total of 22 active, self-balancing funds. "Self balancing" is defined as total resources (i.e. beginning fund balance plus current year revenue) equaling total requirements (i.e. appropriated spending authority plus ending fund balance). Each fund has been established to provide segregated accounting for a specific area of activity.

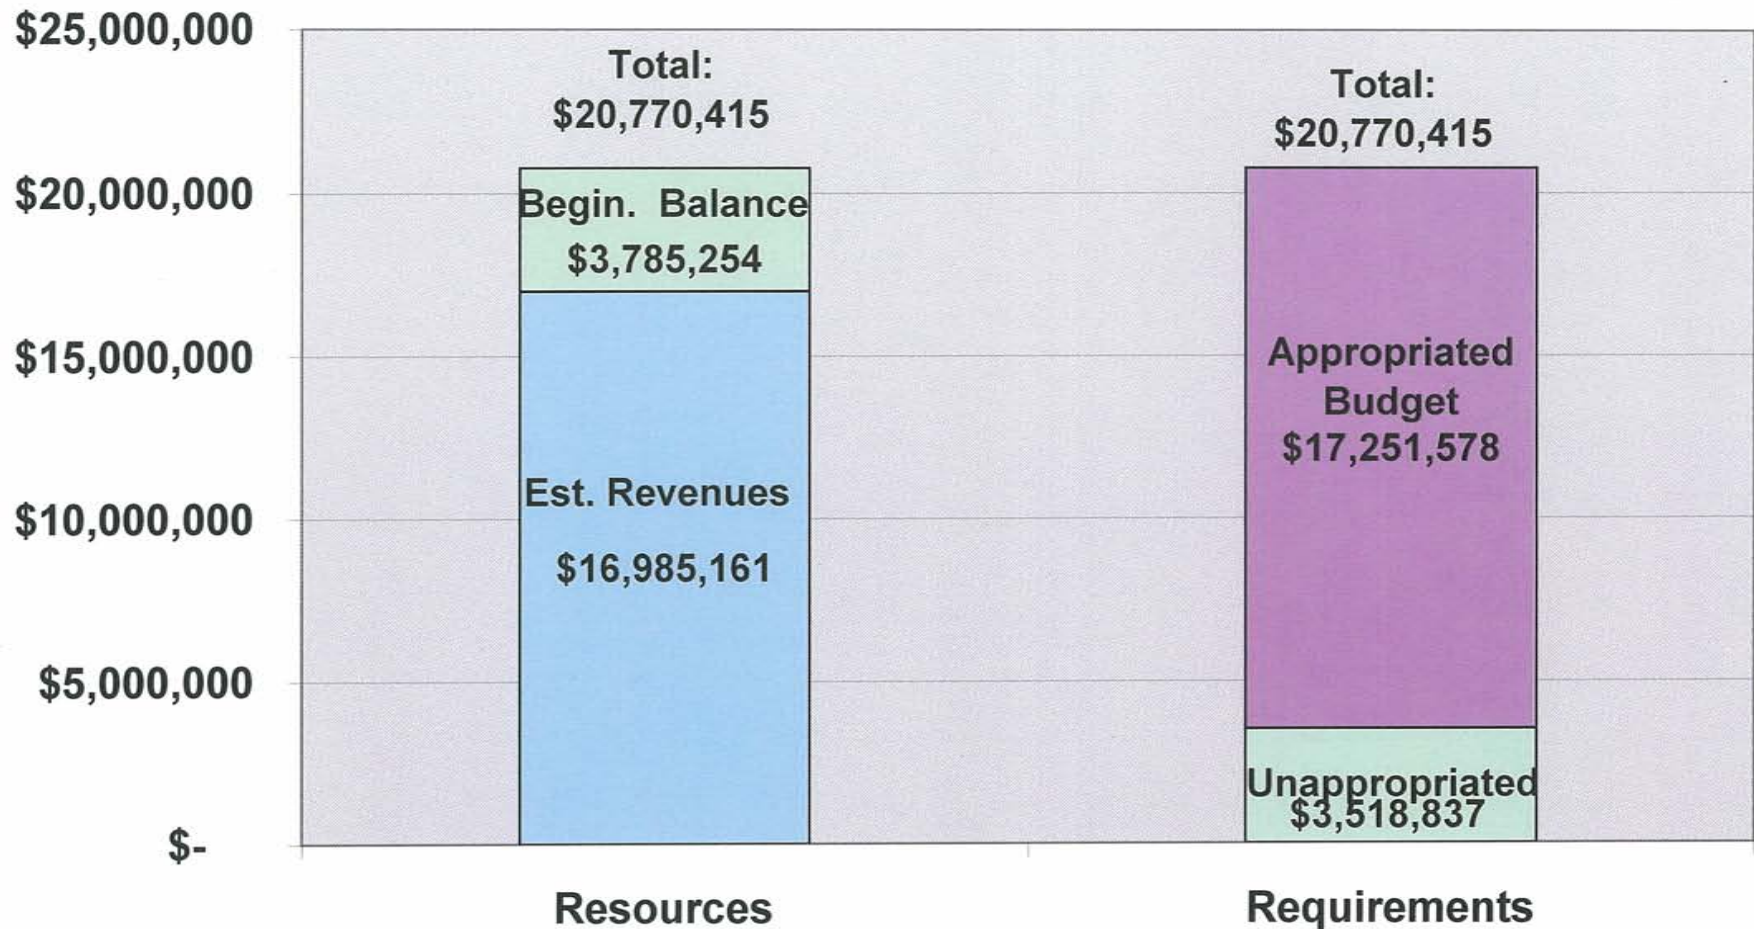

FY2012-2013 Objectives

The objectives of the Fiscal Year 2012-2013 Budget are to provide budget authority to administer the City's services and projects.

FY2012-2013 Staffing

The City of Ketchum Budget provides for five elected officials and 48.55 Full Time Employee Equivalent (FTE). The amounts budgeted in Personal Services throughout the budget reflect these staffing totals.

General Fund

Purpose

The General Fund provides budget authority for services and projects that are not typically self-supporting. Services provided by the General Fund are Legislative and Executive, Administrative Services, Legal Services, Community Planning and Development, Law Enforcement, Building Codes Services and Non-Departmental functions. Significant transfers of funds are also made from the General Fund to support the Street Maintenance, Fire and Rescue, Ambulance, and Parks and Recreation Funds. General Fund services generate inadequate revenue to off-set their costs. As such, property tax revenue and other “general” income sources are utilized to pay for General Fund expenses.

FY2012-2013 Objective

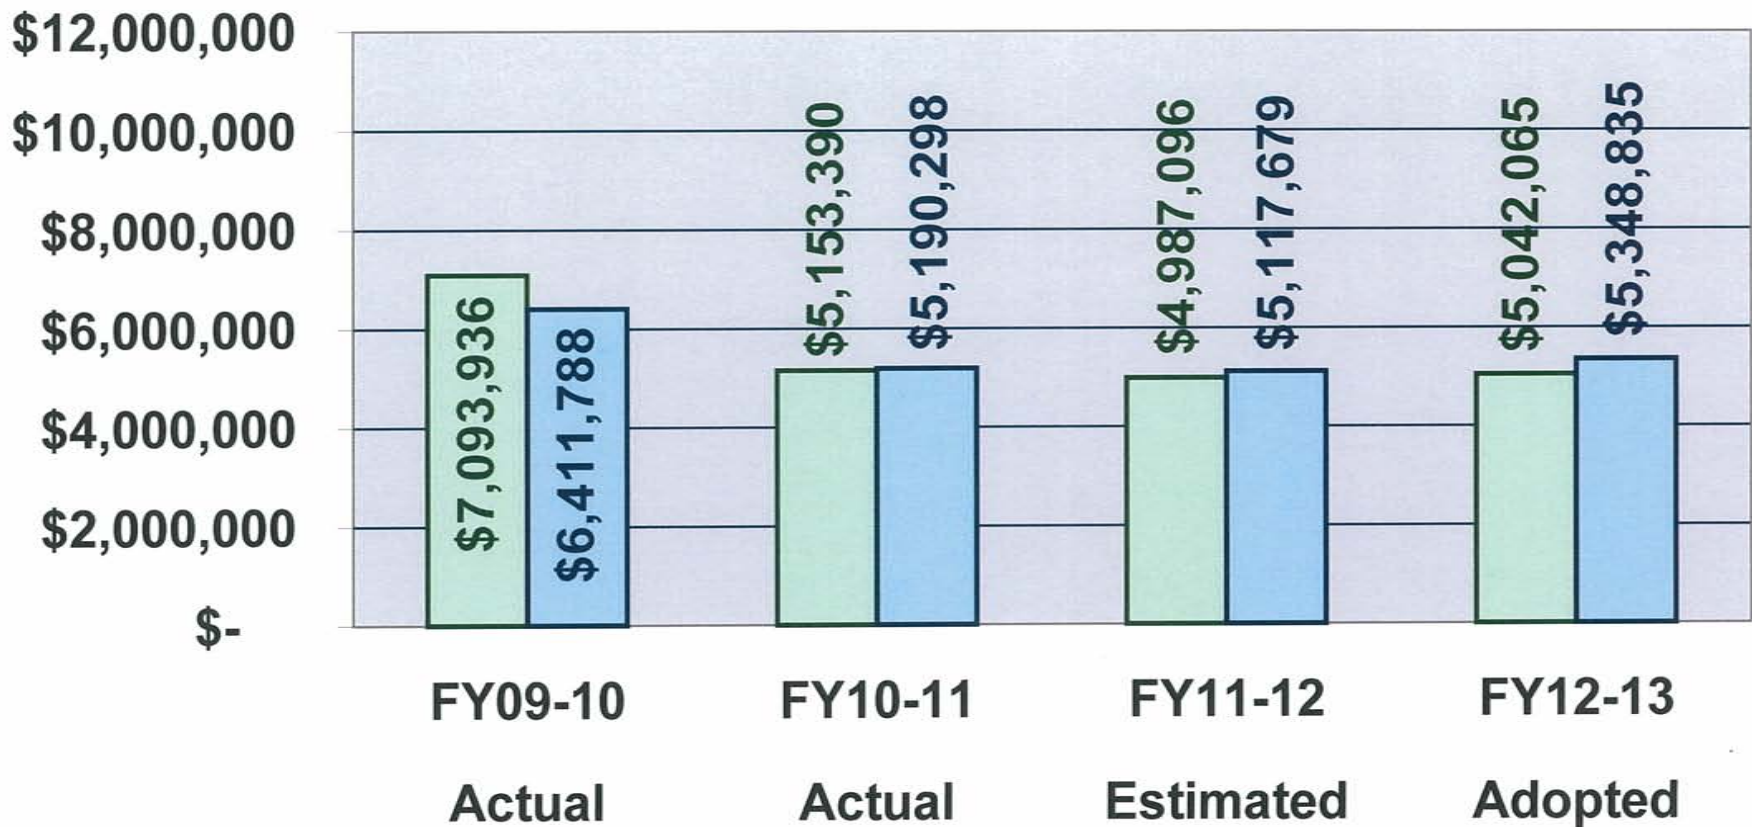

The objective of the General Fund for Fiscal Year 2012-2013 is to provide budget authority to provide the above listed services within the City.

FY2012-2013 Staffing

The General Fund is supported by a cumulative total of 1.75 Elected Officials Equivalent (EOE) and 7.4 Full Time Employee Equivalent (FTE). The amounts budgeted in Personal Services throughout the General Fund reflect these staffing totals.

Parks and Recreation Trust Fund

Parks and Recreation Trust Fund

Purpose

The Parks and Recreation Trust Fund provides budget authority to receive and expend money obtained through grants and donations. Federal law typically requires that money received through grants be segregated into separate funds and that the receipt and expenditure of such money be accounted apart from other City functions. The fund also provides an avenue to segregate donations to assure that such funds are spent in accordance with the instructions of donors.

FY2012-2013 Objectives

The objective of the Parks and Recreation Trust Fund for FY2012-2013 is to support the Parks and Recreation Department's grant and donation funded projects. It is anticipated that the Recreation and Public Purposes Environmental Assessment Project will be facilitated through this fund during FY2012-2013.

Local Option Tax Fund

Local Option Tax Fund

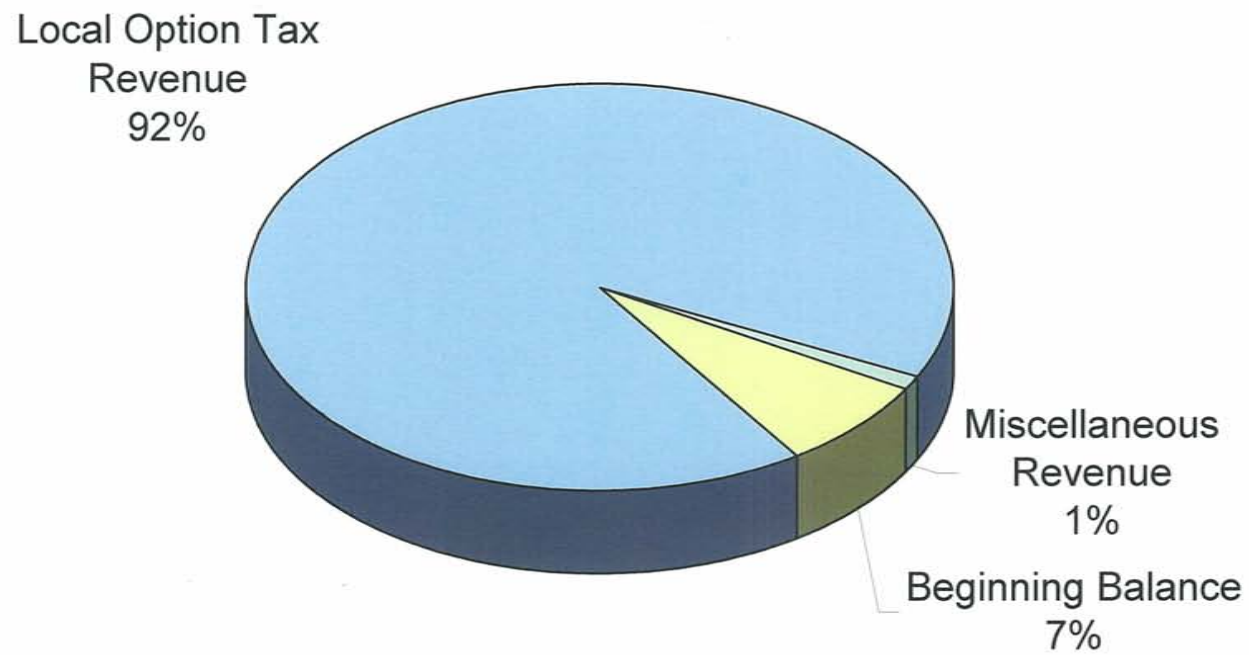

Purpose

The Local Option Tax Fund provides budget authority to implement City Ordinance 712, the City Sales Tax Ordinance, which was approved by voters on November 4, 1997 and was subsequently renewed for a new 15-year term by voters on November 8, 2011. The tax will expire on December 31, 2027. The Ordinance imposes a 1 percent municipal sales tax on all items subject to taxation under the Idaho Sales Tax Act, except for most grocery items. Grocery items subject to taxation include alcoholic beverages, tobacco, food served at any “eating place” as defined by the Idaho Code, any food sold by a retailer for immediate human consumption, and any food product sold through a vending machine with a price in excess of fifteen cents. The Ordinance imposes a 2 percent municipal sales tax on short-term room rentals inclusive of hotels, motels, condominium units, and tourist homes. Finally, the Ordinance imposes a 2 percent municipal sales tax on liquor, beer, wine and all other alcoholic beverages sold by-the-drink by a retailer for consumption on the premises. The Ordinance provides that revenues derived from the tax may be used for (a) municipal transportation, (b) open space acquisition and recreation, (c) capital improvements for roads, water, sewer, parking, and the Ore Wagon Museum, (d) emergency services, (e) city promotion, visitor information and special events, (f) property tax relief, and (g) the administration of the tax.

FY2012-2013 Staffing

The Local Option Tax Fund is supported by a cumulative total of .5 Elected Official Equivalent (EOE) and 0.9 FTE. Personal Services expenses reflect this total.

Police Trust Fund

Police Trust Fund

Purpose

The Police Trust Fund provides budget authority to receive and expend money obtained through narcotics-related criminal forfeitures and other criminal forfeitures. Federal law also limits the expenditure of such funds to specific uses, such as drug enforcement and education activities and capital equipment or improvements.

FY2012-2013 Objectives

The objective of the Police Trust Fund for FY2012-2013 is to support the financial needs of the Police Department's capital equipment and improvement projects on an "as-needed" basis.
