Jim Slanetz asked how much the City would be out if we do not get the tax credits and asked if the city is taking a risk? Greg Dunfield said the city's exposure is less than \$75,000. Jim Slanetz asked about the ownership structure and how it plays into the future. Greg Dunfield talked about Northwood Place and how it evolved in ownership. Mayor Neil Bradshaw elaborated on how this land never ends up in private hands. Jim Slanetz questioned the timeline on ownership. Greg Dunfield explained that KCDC are co-owners from day 1. The tax credits, investors will be paid at the end of 15 years and KCDC would take over the management.

It has been done before in other high cost communities. He would like to see it applying to all the units. Greg Dunfield feels it should be a community wide policy. Michael David questioned what we could do as a city, during the application process, beyond the financial and land contribution. Greg Dunfield advised that a letter of support from Mayor and Council to State Representatives and IHFA would be help. This is the 5th time were applying for this grant and it is time for Ketchum to get a project.

Council President Amanda Breen questioned the timing of the decision. Greg Dunfield explained it would most likely be around Christmas, and we will know more around September 4, 2020. Councilor Michael David added that parking is such a minor issue in comparison to affordable housing in our community and talked about the current inventory for parking.

13. ACTION ITEM: Consideration and approval of park reservations - Assistant City Administrator Lisa Enourato

Mayor Neil Bradshaw updated council regarding weddings that have occurred in and out of our jurisdiction. He talked about his concern regarding large events that are happening that are not consistent with the protocols in place. We do not have control of private space, but we do on public land. He outlined events that have been approved and talked about what Ada County is doing. Mayor Bradshaw recommends that we go back and look at the upcoming weddings that we have approved and deny their application because they are spreading fear. This exposes those who are catering the events and can cause issues. We are doing a great job as a community and need to stay vigilant. He talked about what others and the Health District is doing. Mayor Neil Bradshaw will update council more after his meeting on Thursday but stated that he would like to lead by example for our public lands.

Councilor Michael David asked Mayor Neil Bradshaw about his upcoming meeting and what will be discussed and if it will cover local bars and restaurants. Mayor Neil Bradshaw asked what council would like discussed in this meeting. Wedding gatherings seem to be its own problem. Council President Amanda Breen talked about her frustration with the state and the health district not taking the lead. Councilor Jim Slanetz said we are not risking caterers any more than we are waiters. From a practical purpose we are not changing anything other than taking a stand. Jim Slanetz advised that if we were endangering staff, he would feel differently but this is just symbolic. Council continued to deliberate. Mayor Neil Bradshaw gave suggestions on how to move forward and advised we could do a special

meeting if they need to change the city's protocol. Council talked about monitoring the events more closely and circle back with applicants to remind them of the protocol.

14. Update on requests for restaurant outdoor seating in parking areas - City Administrator Suzanne Frick

Mayor Neil Bradshaw advised that he talked to restaurant owners and the reason for restaurants not taking advantage of the outdoor seating in parking areas appears to be a staffing issue. The restaurants that are interested are on Main Street and they need to work with ITD. It will probably not happen this year. A lot of the restaurants already have outdoor space available. City Administrator Suzanne Frick advised that there has only been one applicant, but they are working with ITD. Councilor Courtney Hamilton asked if the restaurants were notified? Mayor Neil Bradshaw advised he attended a meeting with restaurants, and some were interested in closing alleys on a temporary basis, but staff looked at that and it was difficult to do. Mayor Bradshaw encouraged councilors to talk to restaurant owners to see what they can find out.

17. ACTION ITEM: Appeal of the Planning and Zoning Commission decision on Zoning Administrator's Decision on 201 Garnet Street--City Administrator Suzanne Frick.

Mayor Neil Bradshaw introduced the topic before council and explained who owns the Gem Streets and who maintains them. City Administrator Suzanne Frick gave the background of the house being constructed on Garnet Street. She talked about the requirements of the setback as well as the analysis that was done regarding snow storage and drainage and explained that a 15' set back is what is required. The applicant does not agree and brought this back to Planning & Zoning. The commissioners required 10' with an indemnification of not holding the City responsible for up to 15'. Staff is recommending that the applicant be held to the 15' set back. This has been brought to council to decide on the set back.

Applicant Attorney Fritz Haemmerle talked about the history of this project and Ketchum Code. He clarified that in 1995 the City of Ketchum and the Garnet Street residents created a "Garnet Street Agreement". He advised that the city negotiated for a 20' public roadway easement in 1995. He talked about the Local Land Use Planning Act and addressed setbacks. He talked about how staff has addressed the Appeal and about uniformity requirements of LLUPA in the City of Ketchum. Fritz Haemmerle talked about the P & Z discussion and the approval process and the uniqueness of the Gem Streets and about what his client has agreed to. The argument is about 1/3 of the house (3 feet). He is requesting Council follow the laws of the State of Idaho.

Mayor Neil Bradshaw explained these are two different discussions. What is the right precedent and what is legal? Applicant Attorney Fritz Haemmerle talked about the condos on Emerald Street, stating they are on the pavement. If there was precedent it was established back then. Mayor Bradshaw asked council what they would like for future Gem Street development? He advised that safety and practicality must drive the decision. Are we creating an issue that could hurt us for plowing and future development?

Council President Amanda Breen talked about what we would like and what they would like, stating that we must do what is best and what is legal. She questioned the Garnet St. Agreement and asked if it requires us to treat Garnet St. as a public right of way. City Attorney Matt Johnson explained that the city holds a Right of Way over the Gem Streets. The City has treated them as a public street and that is the issue that remains to be involved. Amanda Breen advised that the LLUPA conversation is quite persuasive and is unsure if the City can say that life and safety is an issue. Mayor Neil Bradshaw questioned the 15' setback. If we set this new precedent what are we setting ourselves up for?

City Administrator Suzanne Frick said the Zoning Ordinance has requirements that need to be met and setbacks is one of them. All standards must be considered, and the council needs to look at all zoning requirements for every property. City Attorney Matt Johnson explained the legal perspective. stating the issue is drainage and snow storage. The administrator's determination is that additional setbacks are necessary to provide for drainage and snow storage.

Applicant Attorney Fritz Haemmerle said you must look at the setback provisions and supplemental setback requirements. He advised that the city should have put these individual set back provisions under supplemental setback requirements. He questioned how the city came up with the 15' setback provision?

Mayor Neil Bradshaw opened the meeting for public comment.

Janie Davidson 111 Topaz Street questioned the expansion and how it affects her financially and her property value. She voiced concern about trees being removed on Garnet Streets. Janie Davidson advised that she was not noticed of today's meeting and that she accidentally found out about it.

Councilor Michael David left the meeting at 7:03 p.m.

Architect Jen Jarvis advised that her client wants to build a 2000 sq. ft. home on Garnet St. All they are asking for is a setback that is reasonable. They have met with the P & Z and met all standards. Staff has appealed the P & Z decision. She advised that P & Z has said this should not have changed. She advised that they have moved the building back 3 feet and the city has not compromised at all.

Attorney Matt Johnson explained to Council that this is an administrative appeal. Was the Administrative Decision correct or incorrect? Attorney Fritz Haemmerle agrees with Matt Johnson's determination of what they are deciding on this evening. It is not about policy.

Mayor Neil Bradshaw outlined the 3 decisions that are before the Council. Councilor Courtney Hamilton advised that this topic is extremely frustrating. Outside this circumstance, this needs to be cleaned up. She advised this is setting a precedent for what can be done in the future. She voiced concern over snow storage and ambulance service. Applicant Attorney Fritz gave the background on the reason the Garnet St. Agreement was passed. He talked about the 20' of surface that was required.

Mayor Neil Bradshaw voiced his support of staff recommendation. Councilor Jim Slanetz agrees and supports the administrative act. The consistency of protecting public safety and having snow storage is important. Without access and storage, we open ourselves up for more liability.

Council President Amanda Breen is not comfortable standing behind the Administrative Position. Councilor Courtney Hamilton talked about what has precedent. She is relying on the City Engineer stating 15' is needed for snow storage.
