Question/Comment

With all the housing issues, have you looked at loosening the restrictions on ADU's like is happening across the country? I know Hailey made some changes but haven't heard it talked about in Ketchum. I was told the issue for lots not on sewer is the septic systems, so thus the 1 acre requirement. But it doesn't make sense that on a .9 acre lot you can build a house with 10 bathrooms, but you can't build a 2 bathroom house with a 1 bathroom ADU.
