Subject: Road Closure

To whom it may concern,

I am Irma Batista. I am owner of Premier Cleaners at 580 E. Fourth St.

I'd like to share my thoughts over the Fourth Street closure.

I'm really concerned it will have an impact on my business. My customers need to be able to easily access my place of business. Aside from the usual drycleaning it's the comforters, rugs, drapes and so forth that must be carried easily to and from their car.

I think it would be detrimental to us to have this block closed off.

In the past we had the street closed off on Tuesdays for Farmers Market. Our customers did not appreciate the inconvenience, but we made it work. Please keep in mind a great majority of our clientele consists of elderly patrons. The already limited parking, and closing the street on top of a pandemic will have a huge negative impact. Please reconsider.
