I really can't believe that City of Ketchum is doing this.

For an oversize bike path? What restaurants are along here to take advantage of a closed street?

This will make a huge traffic jam behind The Gold Mine, which is already a mess without blocking 4th Street.

Do you know how many truck deliveries use the alley behind The Courtyard? A lot.

I am honestly just blown away that how this would affect the already heavily affected businesses in this downtown core.

You really need to reconsider this very business averse decision. This is not good for Ketchum.

It's really too bad I live in Bellevue, so I don't even have a voice in who gets to make these decisions.
