Subject: Ketchum Winter Parking . Galczynski , Jakub

City of Ketchum,

I want to report a few comments to consider, prior to October 28th public meeting regarding Ketchum Parking.

Parking was an issue last winter (20-21') and this was before ekoliving's two Ketch Buildings were complete and occupied. I was and still am one of the residents living here. I just walked out (10/25 @10:15pm) and counted exactly 30 vehicles and one scooter parked in front of the Ketch Buildings. There are additional vehicles, part of other developments, that will also need to winter parking.

Considering the overnight plowing of odd/even parking spaces, locals can only utilize half of the public parking specified at Washington Ave. I realize there is another paid parking lot in town, but the rates there do not consider full-time residents.

I believe our vehicle count exceeds current Winter parking planned in Ketchum and the towns parking lots will be full all Winter. Visitors and locals visiting bar areas will not have proper over night winter parking aisles to choose from. These spots will be taken by surrounding residents. Therefore I do not believe our community is avoiding the DUI situation. People will either get towed or drive home under influence.

Unfortunately I have no good solution to suggest. As you know, there are currently more residential units being developed along 1st Ave. Appreciate your time and effort, when dealing with this situation. Please send prompt response, once received.

Kind Regards,
Jakub Galczynski
