**17.88.180: Guidelines**

**17.88.190: Procedure**

**17.88.200: Application For Emergency Riparian Alteration**

**17.88.210: Action Upon Submittal Of Emergency Riparian Alteration Application**

**17.88.220: Site Inspection**

**17.88.230: Basis For Denial Of An Emergency Riparian Alteration Permit**

**17.88.240: Conditions Of Emergency Riparian Alteration Approval**

**17.88.250: Enforcement**

**17.88.170: TITLE:**

This article shall be known and may be cited as the EMERGENCY RIPAIAAN ALTERATION ORDINANCE.

**17.88.180: GUIDELINES:**

Guidelines for determining if an emergency for purposes of this article is imminent are as follows:

- A. The water equivalent measurements at Galena, Galena Summit, Dollar Hide and Lost Wood Divide as recorded by the national resource conservation service (NRCS) SNOTEL sites;
- B. The forecast temperatures available from the national weather service;
- C. The flow of the Big Wood River as measured at the Ketchum gauging station or Hailey gauging station and recorded by the United States geological survey (USGS) in Boise, Idaho;
- D. Local site conditions, such as downed trees, debris build up, or trees in imminent danger of falling as determined by the administrator and advised by the City Arborist; and
- E. Failure to submit an application under section 17.88.200 of this chapter far enough in advance of the desired start date for riparian alteration work shall not be considered an emergency.

**17.88.190: PROCEDURE:**

To obtain an emergency permit, an applicant must submit an application as described in section 17.88.200 of this chapter and receive written approval to perform the emergency work from the administrator. The administrator may consult a qualified engineer or professional regarding the proposed emergency work. A site inspection must be performed by the administrator before approval can be granted. Under no circumstances shall work commence without the approvals required herein.

**17.88.200: APPLICATION FOR EMERGENCY RIPARIAN ALTERATION:**

The applicant shall first complete and submit an emergency application provided by the city which shall include, but not be limited to, the following information:

- A. Description of the emergency impact to public health, safety or welfare;
- B. Name of proposed contractor or executor of work;
- C. Description of proposed work;
- D. Nonrefundable application fee in the amount as set by the city council; and
- E. Where applicable, a waiver from the Idaho department of water resources as specified under Idaho Code section 42-3808, and the stream channel alteration rules of the Idaho water resource board.

**17.88.210: ACTION UPON SUBMITTAL OF EMERGENCY RIPARIAN ALTERATION APPLICATION:**

Upon submittal of the application, the applicant shall contact the administrator to arrange for a site inspection.

**17.88.220: SITE INSPECTION:**

Upon receipt and review of a completed application, a site inspection shall be performed by the administrator. Written findings of fact and conclusions of law granting or denying the application will be prepared for city records and the applicant upon the conclusion of the site inspection and within five (5) working days from the date of the decision.

**17.88.230: BASIS FOR DENIAL OF AN EMERGENCY RIPARIAN ALTERATION PERMIT:**

No permit shall be granted if the administrator determines that the proposed emergency work is contrary to the public health, safety or welfare or that it is contrary to adopted city policies regarding riparian areas and river systems.

**17.88.240: CONDITIONS OF EMERGENCY RIPARIAN ALTERATION APPROVAL:**

Conditions which may be required for the granting of a permit include, but are not limited to, the following:

- A. The administrator may require the applicant to post financial security, and enter into an agreement with the city, to mitigate possible impacts of the proposed work.
- B. The proposed action shall be conducted so as to minimize the impact on riparian vegetation and soil stability.
- C. If an emergency permit is granted, the applicant shall apply for a waterways design review/stream alteration permit under article I of this chapter within six (6) months from the date of the issuance of the emergency permit.
- D. If a waterways design review/stream alteration permit under article I of this chapter and all other applicable state and federal agency permits are granted, the applicant shall then complete restoration of the affected property to city and state standards by either March 31 of the year following the issuance of the emergency permit or by another date specified by approval authority.
- E. Copies of the approved emergency permit shall be posted on site throughout the duration of the work.

**17.88.250: ENFORCEMENT:**

- A. It is unlawful for any person, firm or corporation to:
  - 1. Fail to obtain a permit before commencing emergency work.
  - 2. Perform emergency work beyond that expressly allowed by the permit.
  - 3. Provide false documentation in connection with the emergency work performed..
- B. Any person, firm, or corporation violating any provision of this article shall, for each offense, be subject to the enforcement procedures established in chapter 17.156 of this title.
